## Top Tips for reading at home!

Regular, daily reading is the key to reading success!

- Make sure you are relaxed and comfortable during the reading session.
- Encourage your child to read with expression.
- Your child should be able to read approximately 9 out of every 10 words in the book, less than this and the book may be too difficult.
- Discuss the meaning of difficult or usual words and encourage your child to use these new words in sentences when talking to you.
- Ask questions about the characters, the plot, the ending of the book and whether your child enjoyed it. If your child is not enjoying a story, stop reading it and ask them to change the book.
- Encourage talk about favourite authors and illustrators, giving reasons for their choices.
- Try and make sure that your child reads a range of different books, not always stories.
- Model the reading process yourself by having your own book/ paper to read.
- Give lots of praise and encouragement.
- Keep up a regular dialogue with your child's teacher through the home/school reading book.
- Have fun!
