

PE and Sport Premium for Primary schools

Our PE and Sport Premium allocation for the previous academic year 2015/16 amounted to **£9,345**.

This money has been used to purchase the Gold Membership package from our local LSSP (Liverpool School Sport Partnership) at a cost of £6,570.

Membership entitles us to:

- Free entry into all LSSP competitions
- A termly network meeting for PE co-ordinator
- Unlimited PE CPD for school staff
- 1 full day specialist PE support (this support staff in PE lessons and also provides after school clubs in preparation for competition)
- 10% reduction on the Liverpool schools swimming programme in which we participate

We also purchased the 'Cyber Coach' dance program at a cost of £540 and dance workshops for pupils costing £250. Remaining money was used to provide transport to and from the variety of competitions we enter. It was also used to provide opportunities for us to invite specialists in to give demonstrations and provide workshops. Staff attended a range of training and numerous visitors attended school to provide insight into new sports/activities. It was also our most successful year to date in relation to the range of sporting competitions we attended giving many more children the opportunity to represent the school in a competitive environment.

This year's allocation is **£7,378** and will be spent again on purchasing the sports support from LSSP (Liverpool School Sports Partnership). This will provide a sports coach for 1 day per week to provide pupils with additional physical activity both during and after school. The remainder will continue to pay the subscription for the cyber coach internet dance program and provide transport to competitions.
