Governing Bodies statement of principles regarding measures to promote good behaviour and discipline

It is the opinion of the Governing body that the school should do everything within its power to promote good behaviour and discipline. With this in mind the Governors support the school in:

- Setting rewards and sanctions for pupils as outlined in the behaviour policy
- Disciplining pupils who break the school rules as outlined in the behaviour policy
- The ability to search pupils suspected of having prohibited or stolen items
- The power to use reasonable force or make other physical contact to prevent a child hurting him/herself or others
- The power to discipline beyond the school gates
- Providing pastoral care for school staff accused of misconduct
- Ensuring pupils with continuous disruptive behaviour receive a multi-agency assessment.
- Exclusions and associated appeals

Signed Mrs G Bell
Chair of Governors

Date 11th Nov 2013
